To all Lehigh interested parties:

Lehigh's 2023 Major Reclamation Plan Amendment application has been deemed complete. The revised application and the complete letter can be found [here](#), under the tab titled "2023 Reclamation Plan Amendment for Lehigh Quarry (PLN23-100)". The third resubmittal is the current plan that was deemed complete, and the complete letter is just below.

Now that the application has been deemed complete, we will be starting work on the required EIR as soon as a contract with the CEQA consultant is in place and I will provide additional information and a timeline for preparation of the EIR as soon as possible.

Kind regards,

Robert Salisbury
